PRODUCT OVERVIEW

Fleetmy FMY 130, FLEETMY Business Plan

Fleetmy GPS System has been in the forefront of GPS industry since 2007 and trusted by industry leaders widely. Together with the device FMC130, Fleetmy Business Plan would be able to solve 85% of the common problems faced by companies nowadays in monitoring their vehicles & machineries.

User-friendliness of the system, accurate location reporting, clear imaging of the map, calculation of the trip distance and engine idling time etc etc, all these are designed to improve operation's efficiency and minimizing unnecessary cost leaking.

Fleetmy GPS understands the difficulties faced by business owners and operation staff, our system can cater to different customization based on your needs such as fuel monitoring/temperature sensing/engine hours/driver slacking as we understand different industries have their own issues.

We have software engineers to keep the website and mobile app secured and running smoothly. Customer support is also our highest priority as we understand that no matter how good a product or system is, there are times that it might be faulty and needed someone technical to help analyse the situation. Customers are only 1 call away from reaching any of our support staff.
