PRODUCT OVERVIEW

A.T. DUNIA WATER A TRACK INTELLIGENT WEB GPS SYSTEM, GPS TRACKER

A Track GPS Vehicle Tracker offers a sophisticated Fleet Management Solution designed to deliver significant cost savings and operational control. This robust platform enables everyone from business owners to fleet managers to monitor their vehicles with precision and ease.

At the core of the solution is a real-time A Track Intelligent Web GPS System, enabling 24/7 monitoring. Features such as Live Tracking, 365-day History Playback, Geofencing, and Driver Management enhance safety, reduce the risk of accidents, and provide invaluable data for optimising routes. It's equipped with a Quad Band GSM/GPRS module, a high-sensitivity U-blox GPS receiver, and 8MB of flash memory.

Support is at the heart of our system. While the platform is designed for self-monitoring, every user benefits from proactive notifications, a responsive helpdesk, and the option of on-site diagnostics by our experienced installers when needed. This ensures your business keeps moving without unnecessary downtime.
