PRODUCT OVERVIEW

MASTONE TRADING DP4G-C920, DEBEZTPRO C1 FLEET

The application is a reliable fleet tracking tool designed for both iOS and Android smartphones under the name debeztpro. Its official website is debeztprogps.com. The app is compatible with 2G and 4G SIM card networks, which guarantees dependable connectivity and seamless operation across various network environments.

The device includes a backup battery that lasts for over an hour, allowing it to operate even during power interruptions. It provides real-time location tracking and can monitor various vehicle statuses, such as engine on or off, idling, parked, or driving. Additionally, it records historical data for up to 12 months.

Key features include engine start control, power cut-off, geofencing, overspeed alerts, harsh acceleration and braking detection, and towing alerts. Notifications about these events are sent via SMS and app push notifications for quick updates.

The system includes a remote immobilizer and a panic button for added security and emergencies. It also generates detailed GPS reports, including general information, travel logs, driving and stopping patterns, overspeed incidents, and mileage.

The device is certified with SIRIM and CE approvals. It comes with a two-year warranty for the device itself and a six-month warranty for the battery.
